

SALEH ABDU

Cybersecurity & Compliance Professional | GRC | Identity & Access Management

Dallas, TX 75244 | 214-271-6725 | saleh.grc1@gmail.com | linkedin.com/in/salehabdu

PROFESSIONAL SUMMARY

Cybersecurity and Compliance professional with hands-on Identity & Access Management (IAM/SailPoint) experience and 5+ years applying regulatory compliance, audit documentation, and risk mitigation in highly regulated operational environments. Combines technical IAM skills (user provisioning, JML lifecycle, least-privilege, SoD enforcement) with strong governance, audit-readiness, and corrective action (CAPA) experience built across FMCSA and SOX-aligned environments. Actively expanding GRC expertise through a Master's program in IT Management (WGU, in progress), self-directed study of NIST RMF and ISO 27001, and hands-on portfolio projects in risk assessment, governance design, and incident response.

CORE SKILLS

- GRC Support & Audit Readiness
- JML Lifecycle Management
- NIST RMF Adherence & Monitoring
- Incident Response Documentation
- Risk Control Validation
- User Provisioning & Access Reviews
- IAM Solutions / SailPoint IdentityIQ
- Least Privilege & SoD Enforcement
- Security Compliance Controls
- Access Governance Strategies
- CAPA Initiatives for Risk Reduction
- Asset Chain-of-Custody Management

IAM & GRC EXPERIENCE

IT Support Analyst – Level 1 | VSS | Assurance, Lewisville, TX

10/2023 – 04/2024

- Enhanced user provisioning by working alongside SailPoint administrators on effective role assignments.
- Aligned joiner-mover-leaver (JML) lifecycle activities with stringent IAM governance criteria.
- Maintained adherence to least-privilege principles within access governance frameworks.
- Contributed to audit preparations addressing account management and user access control reviews.
- Conducted thorough access verification to facilitate seamless account activation and system entry.

Asset Inventory & Audit Support Analyst | RPC Staffing / Glory Global, Carlton, TX

05/2024 – 06/2025

- Developed audit evidence packages with transaction logs and compliance documentation for efficient reviews.
- Oversaw complete asset lifecycle management from receiving to disposal and reconciliation, with chain-of-custody documentation.
- Achieved over 98% accuracy in inventory management through cycle counts and process controls.
- Generated operational reports for executive oversight on inventory usage and compliance metrics.

SailPoint Administrator / IAM Analyst | Dexpert US, Irving, TX

01/2018 – 08/2018

- Facilitated user provisioning and de-provisioning activities using SailPoint IdentityIQ.
- Managed identity lifecycle for joiners, movers, and leavers (JML) across the organization.
- Validated segregation-of-duties (SoD) controls to meet access governance standards.
- Assisted with role validation and access certifications during periodic user access reviews.
- Delivered documentation support for SOX audits and internal compliance assessments.
- Collaborated with HR, IT, and security teams to enhance identity governance strategies.

ADDITIONAL REGULATORY COMPLIANCE EXPERIENCE

The following roles applied risk-based compliance monitoring, audit documentation, and corrective action (CAPA) methodology in FMCSA-regulated environments — skills directly transferable to IT governance and risk frameworks.

Safety Manager | Barka Transportation LLC, Dallas, TX

06/2025 – Current

- Achieved a 20% reduction in FMCSA safety score through proactive risk monitoring and corrective action initiatives.
- Conducted incident investigations and developed corrective action plans (CAPA) to improve operational compliance.
- Ensured full compliance with regulatory documentation and safety record-keeping requirements.

Safety & Compliance Supervisor | Salex Trucking LLC, Dallas, TX

04/2021 – 10/2023

- Led operational compliance activities ensuring alignment with FMCSA regulatory standards.
- Reduced operational risk exposure by monitoring hours-of-service and ELD compliance.
- Prepared and maintained compliance records for audits, insurance reviews, and regulatory needs.

Safety & Compliance Coordinator | Kudus Trucking LLC, Dallas, TX

08/2018 – 04/2021

- Maintained comprehensive compliance records and verified credentials against regulatory standards.
- Tracked ELD records, inspection reports, and vehicle maintenance documentation for audit readiness.
- Assisted with preparation of audits, regulatory responses, and corrective action documentation.
